Subject: SALVAGE VEHICLE INSPECTION PROGRAM REPORT, FIRST  
QUARTER 2009

Attached is the Salvage Vehicle Inspection Program Quarterly Report for the first quarter of 2009.

The first quarter of 2009 resulted in 6,483 salvage vehicle inspections. This represents a 6 percent decrease in the number of inspections for the first quarter of 2009 when compared to 6,522 inspections conducted during the same time period of 2008. This decrease can be attributed to the redistribution of overtime to the Divisions, and changes in allocations to the salvage program.

A total of 5 stolen vehicle recoveries resulted from salvage vehicle inspections during the first quarter of 2009. A total of 25 stolen vehicles were recovered during the first quarter of 2008. This represents an 80 percent decrease in the number of vehicles recovered as a result of salvage vehicle inspections when comparing the first quarter of 2009 to the first quarter of 2008. Although this decrease is significant, it was offset by the recovery, pursuant to 10851 of the Vehicle Code (VC), of 10 vehicle component parts, and the seizure, pursuant to 10751 VC, of 7 vehicles during the first quarter of 2009. When compared to 8 vehicle component parts recovered (10851 VC), and 3 vehicles seized (10751 VC) during the same time period in 2008, it represents 25 percent and 133 percent increases, respectively.

Four Divisions exceeded their first quarter goals. This resulted in an approximate 104 percent goal attainment statewide for the quarter.

Should you desire further information regarding this matter, do not hesitate to contact me or Captain Mark Brunet, Field Support Section, at (916) 445-0752.
